Dear Mr. Collins:

On behalf of the South Florida Museum and Bishop Planetarium, Inc. Board of Directors, I am happy to provide a letter of recommendation for Mike Carter Construction, Inc.

Mike's company did an excellent job with the complete renovation of the first floor of the Museum. His company delivered the work both on time and on budget.

If you have any additional questions concerning their work, I would be pleased to answer them.

Sincerely,

William M. Blalock  
Chairman of the Board
