RE: Recognition of Service

Gentlemen,

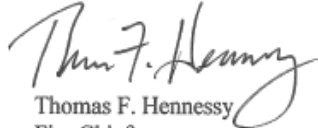

I would like to thank you both for your participation and expertise in the design and construction of our Fire Stations and Administrative Office building. Your design staff did an excellent job in taking our ideas and direction and applying it into a design that has met our needs and is functional to our operation. We have received numerous compliments on the layout and construction our Administrative facilities from our citizens we serve and the emergency service professionals who we work with on a daily basis.

Your construction staff was extremely professional and cooperative. The overall project(s) was completed in a timely manner and the final inspection had minimal issues that needed correction and or repair. I truly appreciate the hard work by your staff, and I would recommend your company(s) to any future clients.

Please thank the members of your staff on behalf of our Board of Fire Commissioners and myself, for a job WELL DONE. Please feel free to give out my contact information and utilize me for any future project reference.

Sincerely,

SOUTHERN MANATEE FIRE RESCUE

Thomas F. Hennessy
Fire Chief

CC: Board of Fire Commissioners, SMFR
